Good Morning K.C.,

If I'm not mistaken, I believe Billy briefly introduced us over the phone a couple of weeks ago, but I'm the new Environmental Specialist over Hilcorp's San Juan East asset area. I know you and Billy have been in communication about this project but attached is the final remediation report and closure request for the Jicarilla 150 6C. Please confirm that no further action is required for this release, and feel free to reach out to me with any questions or concerns. I look forward to working with you more in the future.

Thanks,

Samantha Grabert
