13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 19.15.7.14 NMAC. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

Burlington Resources wishes to cancel the sundry dated 1/31/10 to add a Lateral to the subject well and change the name from the Allison Unit 100 to the Allison Unit 100H. This NOI was approved 2/8/10.

After further evaluation it has been determined that drilling a new lateral well would be better fit our business plan than adding two laterals to this existing wellbore. Please change the name back to the Allison Unit 100 since the lateral was never added. If the proposed Lateral well is drilled and proves successful, plans will be to P&A this well. If this happens a P&A NOI for this well will be submitted and approved before the work is preformed.
