13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

Operator requests permission to TA this well. It is currently TA'd with an expiration date of 10/28/20. This well has not been completed. Operator is planning to frac the well once economic conditions improve and when a frac crew can be obtained. Tests will be scheduled and agency representatives notified for witnessing. Once tests are completed, copies will be submitted for the record.

***NMOCD- Accepted for Record, A NOI for the work is required prior to pressure testing. BP

14. I hereby certify that the foregoing is true and correct.
