	<input type="checkbox"/> Change Plans	<input type="checkbox"/> Plug and Abandon	<input type="checkbox"/> Temporarily Abandon	
	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	

13. Describe Proposed or Completed Operation. Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleation in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Final Reclamation Inspection Report is attached.

Dear Mr. Liess:

The U.S. Enercorp Cuba Mesa #35-1 and #35-2 well sites were inspected on August 15, 2012 by Forest Geologist Larry Gore and me. Both sites are acceptably reclaimed, and the Forest has no objection to the release of the bond on those sites.

If you have any questions, please contact Larry Gore at 575/289-3264.

Sincerely,

ALLAN SETZER
Acting District Ranger
