| | <input type="checkbox"/> Convert to Injection | <input type="checkbox"/> Plug Back | <input type="checkbox"/> Water Disposal | on |

13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

This well has not produced during the month of January. Dugan Production Corp. respectfully requests an additional 30 day suspension of operations. 2/28/13

1/29/13

Steve,

I just submitted a sundry for Dugan's Dome Navajo 27-22-6 #1 well (submission identifier 00770-41557). I failed to add some information to the sundry that I had intended to. Will the sundry I submitted be acceptable, or will I need to submit another?

Thank you for your help.

It depends what the additional information is. You could E-Mail it to me so I could include it in the records.

Steve,

Just some verbage – meant to include the following:

"Rig on location on 1/17/13. Performed pump change and hung the well back on. Popped a hold in the tubing. Waiting for another rig to become available."

Let me know.

Thanks again,

Tyra Feil

Dugan ProductionCorp.
