NA

RCVD FEB 25 '13
OIL CONS. DIV.
DIST. 3

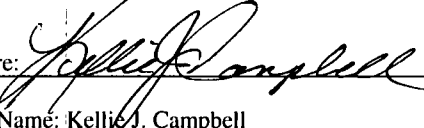

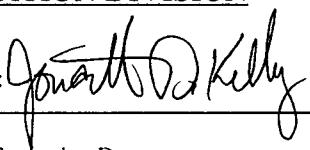

Describe Cause of Problem and Remedial Action Taken.*

While a contract employee was lighting a burner, a flash fire occurred. The fire went out immediately, no further action was necessary. The employee was transported to the nearest fire department for evaluation.

Describe Area Affected and Cleanup Action Taken.*

No cleanup was necessary. The employee was transported to a local hospital for evaluation and released on the same day.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health of the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
