If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once Testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

The pipe line for this well is currently leaking and in need of repair. Elm Ridge plans to move a rig on this location and perform and MIT on this well. When the well passes the MIT we will request shut in status:
We hope to have this done by January 15th, 2014. We are currently doing several completions for new wells.
