	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	

13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

In accordance with NTL-3A, Encana Oil & Gas (USA) Inc. requests approval to excavate soil impacted by oil. The release occurred on 02/12/14 when the VRT released approximately 5 gallons of oil mist on location, outside of secondary containment. Encana would like to use heavy equipment to excavate approximately 5 cubic yards of impacted soil. Impacted soil will be disposed of at Envirotech's Landfarm. Clean soil and gravel will be brought in from Envirotech to fill in the excavation.
