13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

WPX Energy requests authorization for offlease measurement of oil. The surface location for the well and associated facilities including oil tanks are located in Section 20, T23N, R6W, NMPM which is adjacent to the lease in which it is producing. The oil is collected via truck at this facility.

- No commingling of any other off-lease oil or gas will take place at this location

14. I hereby certify that the foregoing is true and correct.
