<input type="checkbox"/> Final Abandonment Notice	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	

13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once Testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

3/3/14 - Casing leak discovered from 2744' to 3482'. Well is a low economic producer so decision is to P&A the well. Called Steve Mason w/ BLM to ask permission to move off & P&A, he approved. Called Brandon Powell w/ OCD. Brandon gave approval w/ stipulation that we set a bridge plug 50' above DK perms to isolate until we P&A. A P&A NOI will be submitted with the procedure in the near future.
