OIL CONS. DIV DIST. 3

Describe Cause of Problem and Remedial Action Taken.*

Produced water tank overflowed. Tank will be checked more frequently.

JUL 01 2014

Describe Area Affected and Cleanup Action Taken.*

Water puddled on east side of location. Some water ran off north side of location, approximately 50' and stopped. Cleanup is pending results of water samples that were ordered by Mark Kelly of the BLM.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
