If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Well was originally completed in the Bisti Lower Gallup and Basin Dakota zones. The Basin Dakota was abandoned, and the subsequent report was submitted on 5/7/86, accepted for record by the BLM on 5/16/86, and by the NMOCD on 5/19/86. Various previous sundry notices have reflected an incorrect API # of 30-045-23893-00-S2, which indicate that this well is producing from two zones, which is inaccurate. The correct API # is 30-045-23893-00-S1.
