13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Drilling Operations completed on or about February 3, 2015, however Operator is awaiting a projected frac date to start completion operations. No pipeline operations have ensued because of inclement weather. Extensive blading and grading of the roads leading to the site will be required before travel can be permitted in a manner to minimize surface disturbance of the road Right of Way. Written notice will be provided to the BLM if completion operations do not commence within 60 days.
