**OIL CONS. DIV DIST. 3**

**MAY 13 2015**

If a Watercourse was Impacted, Describe Fully.\*

Describe Cause of Problem and Remedial Action Taken.\* while digging a trench to put in new electrical .2" polyline was struck in the process, we contained spill and fixed leak.

Describe Area Affected and Cleanup Action Taken.\*

It got 200ftx 6" of location in sage brush, excavate possibly impacted dirt on and off location, pile up dirt on shu 28 location, build berm around pile, take samples giving ocd 48hr prior notice, depending on results run soil threw shaker tell it meets regulatory stands or take it to approved land farm.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
