Dear Mr. Kempton:

XTO Energy Inc. is planning to plug and abandoned the referenced well.

It is the intent of this letter to inform any necessary party of your intent to bring the subject site back to agricultural endeavors. This will allow the marker to be placed below grade at approximately 6 feet, which will be below plow depth for your field.

This letter must be signed and dated to allow XTO to place the marker below grade in your field. The New Mexico Oil Conservation Division will not approve the marker below grade without this written approval from you.

Sincerely,
