Burlington Resources (BR) requests a 3-month extension of the deadline required under 19.15.17.13.G(2) for pit closure on the Florance 2M.

- Burlington's pit closure work was delayed due to scheduling adjustments that were needed because one of our Production Leads had an accident which kept him and his crew from working.
- BR requests a new deadline of 11/21/15.
- The pit has already been sampled and has met the closure requirements
- Other than an extended deadline, no additional modifications to the design, operation, maintenance or closure plans are requested at this time.
