13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Subject well was never drilled. The location was built, but due to cancellation of the drilling program in 2007 the pit was closed and reclamation was performed. BP feels that this location meets the requirements for FAN and requests a site visit for Final Abandonment. For questions, concerns or to schedule a site visit please contact Sabre Beebe, L48 Compliance Specialist at 970-779-9398 or sabre.beebe@bp.com.
