13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

For record purposes:

BP respectfully provides notice of our intention to begin operating the Florance L 4 well below atmospheric pressure at least ninety days from the date of this sundry pursuant to the provisions of NMAC 19.15.18.13. The gathering system immediately downstream of this well is also operated by BP and this system will not be operated below atmospheric pressure. As a result, no agreements with downstream gathering system operators or pipeline operators are necessary.
