If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

On January 20, 2016, QEP Energy Company submitted to your office a letter requesting the above captioned West Bisti 23-3 well location be removed from the AFMSS system as the well was never drilled.

On February 1, 2016 QEP received a request from BLM that a sundry notice be filed to complete the request once reclamation has been completed.

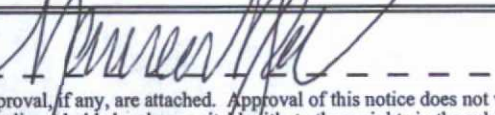

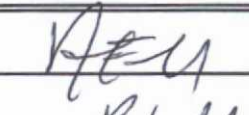

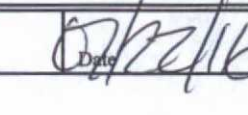

Please be advised that no ground disturbing activities have occurred on the location. QEP does not believe that stakes remain in the ground from staking activities that occurred in approximately 2007. QEP respectfully requests that the well be removed from the AFMSS database in addition to being removed from Nationwide bond No. ESB000024.
