13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

WPX Energy Production, LLC proposes to dispose of flowback oil from the W Lybrook UT #707H location (includes the W Lybrook #708H, 709H, 747H, 748H and 749H wells) at the Envirotech Inc. Soil Remediation Facility (NMOCD Permit #NM=01-0011) located at #43 Road 7175, South of Bloomfield, NM. The quality of the flowback oil was compromised by the incident on location that occurred on July 11, 2016, and as such, is not a saleable product. WPX has approval from Envirotech to dispose of the flowback oil at their facility.

14. I hereby certify that the foregoing is true and correct.
