13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Subject well was plugged and abandoned on 01/29/2009.

BP is requesting Final Abandonment approval for the subject well. Surface owner concurrence letter attached stating surface owner is in agreement that final reclamation & abandonment will occur when the BP active well Gallegos Canyon Unit 77 (API 3004508235) sharing the same pad is plugged and abandoned.

Should you have any concerns or require an onsite please contact Sabre Beebe BP L48 Compliance Specialist at 970-779-9398 or sabre.beebe@bp.com

RE: Landowner -- abandonment concurrence  
Well Name: Gallegos Canyon Unit #109  
Legal: SWSW Section 18, T29N, R12W

Landowner,

The above mentioned well site, on your property, was plugged & abandoned by BP America on January 29, 2009.

The well is on the same well pad as the Gallegos Canyon Unit 77. Since the Gallegos Canyon Unit 77 is still producing, the well pad will not be reclaimed until the Gallegos Canyon Unit 77 well is plugged and abandoned. BP is required to inform the NMOCD that they have met their obligation with the landowner to properly abandon the location and lease road. By signing this letter, you acknowledge and confirm that reclamation of the well pad and lease road will be done when the Gallegos Canyon Unit 77 is plugged and abandoned.

I (Randy Akins Randy Akins Manager for EIS, LLC) acknowledge and confirm that BP has met their obligation to properly abandon the Gallegos Canyon Unit #109 well site.

Thank you,

9.13.16
