13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Subject well was plugged and abandoned on 10/22/2002.

BP is requesting Final Abandonment approval for the subject well. Surface owner concurrence letter attached stating the surface owner is in agreement that final reclamation meets their expectations and they are satisfied.

Landowner,

The above mentioned well site, on your property, was plugged & abandoned by BP America Production Company on October 21, 2002. BP completed reclamation of the well pad on September 18, 2009.

BP is required to inform the NMOCDD that the location has been left to the landowner's satisfaction. If the property meets your expectations, please sign and return this letter to me.

I have enclosed reclamation photos of the well site.

I (William R. Burton, VP Operations West BU) , have reviewed the well site and find the property in good order and to my satisfaction.

Thank you,
