Mr. Crawford:

On February 1, 2016, a memorandum was sent to your office at the above address requiring bradenhead tests for the year 2016, Area C. The reports were required to be submitted no later than November 1, 2016. Our well files indicate the required report has not been submitted for the L Bar Ranch #1, 30-043-20948.

The report is out of compliance with the Bradenhead Test Memorandum dated February 1, 2016. The well has been pulled from the 3-year test cycle and put on a yearly test cycle. To place this well back into its' regular area test rotation Travis R. Crawford must retest the well in compliance with the 2017 Bradenhead Test Memorandum.

**Be advised, any additional wells showing non-compliance with the Bradenhead Test Memorandum may also be pulled from the three-year cycle and put into a one year test cycle.**

If you have any questions, you can reach me at 505-334-6178, ext. 123.  
Sincerely,

Monica Kuehling  
Deputy Oil & Gas Inspector  
District III, Aztec
