13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recomple in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

The Gallegos Canyon Unit 561 well was Plugged and abandoned on 10/29/2008. BP requested a FAN on this location on March 11, 2016 and scheduled a site visit with BLM Personnel Mike Bullock. On April 6, 2016 a site visit by Sabre Beebe, BP Compliance Specialist and Mike Bullock, BLM Natural Resource Specialist. The conclusion of this visit is that the Gallegos Canyon Unit 561 is co-located with an active BP well the GCU 152E (API 30-045-24553). The plugged and abandoned location Gallegos Canyon Unit 561 equipment has been removed from location. It was determined during the on site visit by BLM and BP that no reclamation work can be performed due to the active well on location. Therefore, the final reclamation work will be the responsibility of the active well at such time that it are plugged and abandoned.

This sundry is a request for approval of Final Abandonment of the Gallegos Canyon Unit 561 Please contact Sabre Beebe, BP Compliance Specialist at sabre.beebe@bp.com or 970-375-7530 with questions or concerns.
