The A. L Elliott J 001 well plug and abandonment was completed on 5/19/2009. This well is located on the same well pad with the A L Elliott B 005E API 30-045-25594 belonging to XTO Energy which remains active. On August 30, 2017 BLM Representative Randy McKee and BP Representative Sabre Beebe visited the location to discuss Final Abandonment completion. All BP equipment was previously removed from location and there is not reclamation work that can be performed due to active well. Mr. McKee agreed to approve and FAN for BP on this particular well on the 30th. Should you have any questions or concerns regarding this well please contact Sabre Beebe at 970-779-9398 or sabre.beebe@bpx.com
