CATHODIC PROTECTION UTILITY EASEMENT AGREEMENT

This Cathodic Protection Utility Easement Agreement is made by and between Leroy and Gisela Self (herein referred to as Grantor), and Hilcorp San Juan, L.P. (herein referred to as "Grantee"). Collectively referenced herein as "Party" or "Parties".

RECITALS

- A. Hilcorp San Juan L.P. is successor to Burlington Resources Oil & Gas Company LP as operator of the Allison Federal Unit.
- B. Leroy Self and Gisela Self own certain lands located within Section 13, T32N, R6W N.M.P.M., San Juan County New Mexico within the Allison Federal Unit.
- C. ConocoPhillips plugged and abandoned the Allison Unit #9 well (API# 30-045-11431) in 2015 which is located on the Grantor's lands.
- D. Reclamation for the Allison Unit #9 well was performed and satisfactory to the Grantor with exception to the cathodic protection equipment remaining on the location.
- E. Two cathodic ground-beds, one AC power pole and a rectifier remain on the location with wire sufficient to operate cathodic protection for Allison Unit #4 well and the Allison Unit 9R well. Wire runs subsurface as depicted in the attached exhibit.

FOR AND IN CONSIDERATION of the sum of [REDACTED] in hand paid to Leroy H. and Gisela Self, whether one or more, whose mailing address is 238 Road 4020, Ignacio, CO 81137-9401, the receipt of which is hereby acknowledged, Grantor hereby grants to Hilcorp San Juan, L.P., whose mailing address is P.O. Box 4700, Farmington, NM, 87499, its successors and assigns, a right-of-way and easement for the purpose from time to time, to survey, construct, lay, maintain, inspect, erect, alter, operate, protect, repair, replace, remove, relocate, mark, remove and/or abandon in place, cathodic equipment, including the necessary electric rectifiers mounted above ground on polls with wires connecting to a source of AC or DC electricity, ground beds, cables and deep wells; electric lines and appurtenances; any other utilities; fences and structures to enclose any of the above at the sole discretion of Grantee (herein being collectively referred to as "Facilities"), over, through, upon, under and across the following described lands in San Juan County, State of New Mexico, to wit:

**A strip of land located in the S/2NE/4, Section 13,
T32N, R6W, N.M.P.M., San Juan County New Mexico**

The right-of-way and easement herein granted shall be fifteen feet (15') in width, the approximate route of which is described in Exhibit "A", attached hereto and made a part hereof, together with additional work space from time to time as needed for and during construction, maintenance, repair, inspection, removal and replacement of Facilities.

Grantor further grants and conveys unto Grantee the right of unimpaired ingress and egress on, over, across and through the above-described lands including lands owned, leased or claimed by Grantor which are adjacent or contiguous thereto for purposes necessary or incidental to the exercise of the rights herein granted, with the further right to maintain the easement herein granted clear of trees, undergrowth, brush, structures, and any other items, to the extent Grantee deems necessary in the exercise of the rights granted herein. Grantor shall not impound water or build, construct, create or install, nor permit others to impound water or build, construct, create or install any above or below-ground utilities, buildings, structures, trees, engineering works or any obstructions on the herein granted right-of-way and Grantor will not change the grade of the right-of-way, without the express written consent of Grantee.

Said Grantor to fully use and enjoy said premises except for the purposes hereinabove granted and subject to the restrictions set forth herein. Grantor shall have access to electric utility serving the cathodic protection rectifier, from time to time, for the purpose of running electric pump for water. Said access to electric utility shall be granted by Grantee until said right-of-way is no longer useful.

When the ground bed has been depleted and is no longer useful to support Grantee's oil and gas operation, Grantee shall restore the surface, as near as reasonably possible, to its condition prior to the construction of the Facilities. At the time of abandonment of ground beds and removal of rectifier serving the cathodic protection system, Grantee will notice Grantor to give Grantor the option to assign use of electric utility into Grantors name. Should Grantor option to assign electric utility into Grantor's name, Grantor will have the sole responsibility of payment for the benefit of said electric utility.

The provisions of this Agreement are to be considered a covenant that runs with the land herein described and as such the terms, conditions, and provisions hereof shall extend to and be binding upon the heirs, executors, administrators, personal representatives, successors and assigns of the parties hereto. The easement and rights herein granted may be transferred, leased or assigned, from time to time, in whole or in part.

We, Leroy and Gisela Self, acknowledge acceptance to the terms and conditions of the above agreement.
