13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof.

If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recomple in a new interval, a Form 3160-4 must be filed once Testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

The intent of this Sundry is to gain approval for temporary use (TUA) of an area adjacent to the well pad for the drilling of monitoring of wells related to a historical spill that was recorded as received by the BLM May 15, 2019. At this time Hilcorp is requesting access to federal lands to aid in the drilling of monitoring wells as depicted on the attached. The described area is to be approximately 70' outside of the existing disturbed area and encompass less than approximately .15 total acres.
