13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Williams Production Company files this sundry notice to correct an error in the original APD filed for the Rosa Unit No. 139C Blanco Mesaverde natural gas well. The original APD stated the well location in Rio Arriba County; however, the well is proposed in San Juan County, NM (see attached plats and maps). All other information submitted in the associated APD is believed to be accurate.
