(Clearly state all pertinent details, and give pertinent dates, including estimated d of starting any proposed work). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed completi or recompletion. New Drill, Lined: ConocoPhillips proposes to construct a new drilling pit and an associated vent/flare pit. Based on Burlington's interpretation of the criteria, the new drilling pit will be a lined pit as detailed in Burlington's Revised Drilling / Workover Pit Construction / Operation Procedures dated November 11, 2004 on file at the NMOCD office. A portion of the vent/flare pit will be designed to manage fluids and that portion will be lined as per the risk ranking criteria. Burlington Resources anticipates closing these pits according to the Drilling / Workover Pit Closure Procedure dated August 2, 2004 on file at the NMOCD office. I hereby certify that the information above is true and complete to the best of my knowledge and belief. I further certify that any pit or below  $\square$ .
