Chevron Midcontinent, L.P. respectfully requests permission for installation and modification of existing surface production facilities which includes installing a 95 Bbl below grade Pit Tank for blow down and/or excess produced water, and other necessary meter and/or piping modifications. Current plans are to initiate this surface facilities work within the next one-two weeks. This work will all reside on the current pad, thus no "new disturbances" are anticipated. Attached is a standard diagram of the Pit Tank for your use and review.

Your approval of this request to install and upgrade these surface facilities will enhance the environmental and economic capabilities of this well and lease.
