13. Describe Proposed or Completed Operations

Subject well's APD has not been approved yet.

The subject well is proposed to be a Pressure Observation Well (POW) and plans are to use this well to monitor pressures in the reservoir and not to produce this well. The pipeline company was sent to stake the pipeline by mistake and then the pipeline plat was submitted with the APD. Please cancel all pipeline information from the APD as there will not be a pipeline built to connect this well to sales.
