13 Describe Proposed or Completed Operation (clearly state all pertinent details including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths or pertinent markers and sands. Attach the Bond under which the work will performed or provide the Bond No on file with the BLM/ BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notice shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Four Star Oil & Gas Company hereby requests permission to add perforations to the Chacra formation as follows:

2 spf, 180 degree phasing: 3090-3096' with 2-7/8" HEGS, 34JL UJ, HMX

After completion of the perforating procedure the tubing will be replaced in the well, placed on plunger lift and returned to production. The formation will not be re-factured.
