**Re: Reinstatement of Authority to Transport from or Inject into Wells Operated by John Cravey DBA JRC Petroleum, OGRID 252682**

Dear Mrs. Cravey,

By letter dated April 8, 2009, the Oil Conservation Division ("OCD") cancelled the authority of John Cravey DBA JRC Petroleum to transport from or inject into all wells it operates. The cancellation was issued pursuant to OCD Rule 19.15.7.24, because of John Cravey DBA JRC Petroleum's failure to file C-115 production report for August 2008.

John Cravey DBA JRC Petroleum has now filed a C-115 production report for August 2008.

**Effective immediately, the OCD reinstates the authority of John Cravey DBA JRC Petroleum to transport from or inject into wells as that authority existed immediately prior to the April 8, 2009 cancellation.**

Please note that John Cravey DBA JRC Petroleum remains out of compliance with OCD Rule 19.15.7.24. As of this date, OCD computer records show that C-115 production reports have been filed for John Cravey DBA JRC Petroleum up to and including the reporting period of December 2008. John Cravey DBA JRC Petroleum needs to file C-115 production reports for the reporting period of January 2009 to February 2009.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark Fesmire".

Mark Fesmire, P.E.

Director, Oil Conservation Division
