Re: UIC Permit (Class IID) NN 22
 Monument #1
 San Juan County, NM

Dear Mr. Wood:

Enclosed are copies of the Draft Permit, Statement of Basis, and Public Notice for the above Class IID injection well permit. The Public Notice will be published in the Farmington Daily Times on April 1, 2009, and the public comment period will be open for 30 days after that date.

All comments must be submitted in writing before May 1, 2009 to:

NNEPA/UIC Program
 P.O. Box 1999
 Shiprock, NM 87420
 Attn: Wm. E. Freeman

If a request for a public hearing and substantive comments are not received, the draft permit will become effective upon issuance. If you or members of the public request significant changes to the Draft Permit, the comments will be addressed and a revised permit may be issued. The permit would then become effective 30 days after issuance unless a petition for review by the Director is filed by any person that participated in a hearing or takes issue with any changes in the Draft Permit.

If you have any questions regarding administrative procedures or the permit issuance process, please call me at 505-368-1040 or e-mail: nnepauc@frontiernet.net

Sincerely,

 William E. Freeman,
 Senior Hydrologist/Program Manager
