13. Describe Proposed or Completed Operations

The subject well was spud on 05/12/2009 by MOTE and then for business reasons we had to drop our shallow drilling rig and this well along with four others didn't get drilled in 2009. Currently plans are to pick up another shallow rig in the fall of 2010 and this well will be drilled and completed before the end of the year 2010. If plans change, the BLM and OCD will be notified. ✓
