**13. Describe Proposed or Completed Operations**

The BLM (Mike Flaniken) was contacted about the subject well. The location currently has a two track located off the pad which will be reclaimed after drilling operations are completed, instead of before as requested due to safety issues. The BLM requested a temporary access be built off corner #5 into the SJ 29-6 Unit 517. ConocoPhillips requests the temporary access not be built due to the SJ 29-6 Unit 517 being shut-in during operations due to the pipeline being stripped.
