### DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

*We have cut 5' sample (1/2" dia) from log (10' mudding) / 10' of oil sands*

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.
