Dear Sir:

Enclosed are six executed copies of Form 9-331
for request to plug back and complete.

Also enclosed are two copies of the Electrical-
Induction log of this well.

Walker Bros. will attempt to complete this well
in the Hospah zone when the weather improves, probably
sometime in January or the first part of February, 1965.

We would like the logs and information held
confidential until after completion.

Are there any other forms necessary for me to
complete at this time?

Would you forward the approved copies to my
office in Durango.

Very truly yours,

R.E. Lauth
