AL,

This well was drilled before
there was a district office &
we have no file at all. The

#34-N 36-18N-9 Our file shows that this well attached bond form seems to
was drilled back in 1927 by Midwest Refg. Co. then transfer the well from Stanolind
in 1938 Petro. Products Corp. re-entered & had a show of oil & gas. Attached is a copy of Blanket
Bond whereby Stanolind Oil & Gas Co. accepted the responsibility of subject well. but we do not have a C-104
or a C-110, in those days, to show in file. What do you suggest we do with subject well? *When they finally plug
cut the Hesperia field we
will have the well plugged.
It may possibly already be
plugged. The next time I
down there I'll check it.*
it in what we consider a drilling file for the last 30 years.
