17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

The casing has failed in this well, and it now produces 100 per cent water. We plan to place a cement plug across the producing sand with the top of the plug to be at least 150' above the top of the Hospah Sand. We do not intend to pull casing at this time. It is estimated that work will start November 5, 1965.

This well should be removed from the allowable schedule.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
