RE: Plugging Reports

TOM BOLACK

Gentlemen:

Form C-103, Notice of Intention to Plug, your Santa Fe #9 K-9-18N-6W
Lease Well No. Unit- S-T-R
was approved on _____. Your subsequent notice of plugging cannot be
approved until a commission representative has made an inspection of the location
to see:

- (1) all pits have been filled and leveled;
- (2) a steel marker, 4" in diameter and approximately 4' above mean ground level, must be set in concrete, this marker must have the quarter-quarter section or unit designation, section, township and range numbers, which shall be permanently stenciled or welded on the marker;
- (3) the location shall be cleared and cleaned of all junk;
- (4) the dead man wires must be cut.

The above are the minimum requirements.

Please notify us by filling in the blank form below when this work has been done so that our representative will not have to make more than one trip to the location.

Re: Tom Tolack Santa Fe #9,
K-9-18N-6W, McKinley County, N.M.

Dear Mr. Stone:

The location of subject well has not been cleaned of all junk.

Please cause the cans, bottles, pipe, etc. to be removed from
the location and nearby areas.

Please sign and return the attached form when the work has been
completed.

Yours very truly

ILLEGIBLE

A. R. Kendrick
Engineer, District #3

OIL CONSERVATION COMMISSION
1000 RIO BRAZOS ROAD
ALBUQUERQUE, NEW MEXICO

Dear Sir:

Enclosed for you are two copies of a report
on the oil conservation work done by the
Commission during the year 1947.

The report is in two parts, one on the
conservation of oil and the other on the
conservation of gas.

Very truly yours,

The report on oil conservation is not bound at present.

It contains information on the oil and gas
conservation work done by the Commission
during the year 1947.

The report on gas conservation is not bound at present.

Very truly yours,

W. A. Anderson
Executive Director
