Mr. Emery C. Arnold
State Oil Conservation Commission
1000 Rio Brazos Road
Aztec, New Mexico

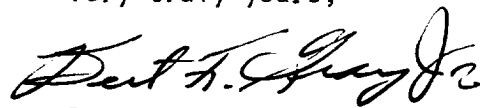

Dear Mr. Arnold:

We received your plugging instructions for our #1 Santa Fe in Section 3-19N-5W. We have spotted fifty feet of cement from 3350-3300 and 100' from 3200-3100, these points were shown on our 103 and 105 reports previously sent in.

We wish to extend our plugging date for three weeks. We need the additional time as the unit we have contracted is busy at the present time.

We will cement the remaining points as to your specifications.

Very truly yours,

Bert F. Gray, Jr.

BFG:MMP
