Figure 1

Figure 1 is a line graph illustrating the percentage of the total sample for various age groups over time. The x-axis represents years from 1970 to 2000, and the y-axis represents the percentage of the total sample, ranging from 0 to 100. The age groups are: 0-14, 15-24, 25-34, 35-44, 45-54, 55-64, 65-74, and 75+. The graph shows a general trend of decreasing percentages for younger age groups and increasing percentages for older age groups over time.
