Re: Request for Unorthodox Locations
for Injection Wells I-14 and I-15,
Red Mountain Pool, McKinley Co.,
New Mexico

Mr. A. L. Porter, Jr., Sec.-Dir.
New Mexico Oil Conservation Commission
P. O. Box 871
Santa Fe, New Mexico

Dear Sir:

Pursuant to the provisions of Paragraph 2 of Order #R-1533, Chaco Oil Company hereby respectfully requests permission to drill Injection Wells #I-14 and I-15 at unorthodox locations in the Red Mountain Pool, McKinley County, New Mexico.

The proposed location for Well #I-14 is 80 feet from the South Line and 2575 feet from the East Line of Section 20, and the proposed location for Well #I-15 is 560 feet from the South Line and 2470 feet from the East Line of Section 20, T. 20 N., R. 9 W., McKinley County, N. M.

These injection wells are necessitated by the fact that Wells #I-3 (now re-numbered #22 Santa Fe) and #I-2 (now re-numbered #23 Santa Fe) both proved to be oil-productive, and the proposed wells are intended to extend the producing area of the pool and to join in a pattern which will result in a thorough and efficient sweep of the oil by the water flood.

Thank you.

Mine very truly,
CHACO OIL COMPANY

Henry B. Birdsey
