Mr. A. B. Hughes  
Sedan, New Mexico

Dear Mr. Hughes

Our files on the A.B. Hughes #1 Seward do not contain a copy of the Well Record. This must be filed in five (5) copies except on State land, when six (6) copies are necessary.

These forms are supposed to be filed before the plugging of a well can be approved. Therefore, they must be filed before the plugging bond can be released.

Forms C-105 (Well Record) are enclosed for your convenience.

Yours very truly

A. R. Kendrick  
Engineer, District #3
