Re: Santa Fe E Well #1, 660/S; 1980/E
17-18N-9W, McKinley County, N.M.

Dear Sir:

We have received Forms C-103, Subsequent Report of Plugging for the above named well, along with Affidavit of Responsibility for Conversion to Water Well signed by Mr. W. A. Schmid Jr, Fort Worth Texas.

I am enclosing a copy of a memorandum which we have issued to all operators in this area regarding conversion of oil and gas wells to water wells. In order to protect fresh water aquifers in this area we are requiring that water wells be cased. I therefore will not be able to release Tidewater Oil Company from the plugging bond on this well or approve the Affidavit of Responsibility for Conversion to Water Well until such time as casing is run and cemented in accordance with our rules.

I am sending Mr. Schmid a copy of this letter and a copy of the memorandum in order that he may be advised of our regulations.

Yours very truly
