Attn: Mr. A. R. Kendrick, Engineer, District # 3

Gentlemen:

Enclosed herewith are forms prepared by Tidewater Oil Company which they ask that I sign and return to them for transferring a well to me for use as a water well.

Tidewater is supposed to prepare the well to satisfy all State requirements for its use as a water well and I would like your opinion as to whether the work they have done according to these forms properly comply with your letter dated August 22nd.

If the well does not comply with the requirements please advise what else must be done.

Very truly yours
