**1000 RIO BRAZOS ROAD
AZTEC, NEW MEXICO**

April 18, 1966

**Mr. E. B. Clark
503 City National Building
Wichita Falls, Texas**

Gentlemen:

We have received Application for Permit to Drill for a well designated as the E.B. Clark Santa Fe Pacific #1, located 660 feet from the North line and 660 feet from the West line of Section 35, Township 17N, Range 9W. We have checked with our Santa Fe office and find that E.B. Clark does not have a plugging bond in effect at this time with the Oil Conservation Commission. There was previously a \$10,000 blanket plugging bond in effect for E.B. Clark, which has been cancelled.

We are, therefore, holding this Application to Drill pending notification from our Santa Fe office that a bond has been received and approved. We are enclosing herewith some bond forms for your use.

Yours very truly

**Emery C. Arnold
