## **DIL CONSERVATION COMMISSION**

1000 RIO BRAZOS ROAD AZTEC, NEW MEXICO

August 8, 1966

E. B. Clark, Sr. 503 City National Building Wichita Falls, Texas

Attention: Mr. Harold H. Brown

Dear Sir:

On June 6, 1966 we received forms C-103 pertaining to your Santa Fe Pacific well #1 located in Unit D, Sec. 35-17N-9W. On this form you indicate that this well was plugged back to 370 ft. and that an affidavit of Responsibility for Conversion to Water Well had been sent to Mr. Adrian Berryhill, landowner, for his signature. We have had no word from Mr. Berryhill and so are wondering if he intends to assume responsibility for the well. We also cannot relieve you of responsibility on the bond until you have filed five copies of form C-105, Well Record Form. We are enclosing a supply of Form C-105 for you to complete and return.

Yours very truly,

Emery C. Arnold
Supervisor District #3
