Dear Bob:

Notification of cancellation of forms C-101 for the above referenced wells was sent to the same distribution as the forms.

In view of this, I think the solution is to re-file forms C-101 for the wells you intend to drill. We shall use the forms C-102 which accompanied the original filings.

Forms C-103 should be filed, stating that the locations are to be abandoned, for the wells you decide not to drill.

Yours very truly,
